

Un Armateur au Service du BIO et de la Transition Énergétique

ETHICS CHARTER

COMMITMENT TO ORGANIC FARMING AND SUSTAINABLE DEVELOPMENT

At OxyWings, our mission is to facilitate the transport of organic products from producers in Africa, Madagascar, and East and West Africa to France.

We are deeply committed to organic farming and sustainable development.

Our ethical charter reflects our values and our commitment to a more environmentally friendly and socially responsible future.

Un Armateur au Service du BIO et de la Transition Énergétique

1. SUPPORT FOR ORGANIC PRODUCERS

We are committed to supporting organic producers by offering reliable and affordable transport solutions for their products. We believe that their work is essential in promoting agriculture that respects nature and people.

2. CARBON FOOTPRINT REDUCTION

OxyWings is committed to minimising the carbon footprint of our transport operations. We invest in eco-responsible technologies and practices to minimise our impact on the environment.

3. TRANSPARENCY AND INTEGRITY

We believe in transparency and integrity in all our dealings. We strive to maintain fair relationships with our partners, employees and customers by promoting open and honest communication.

4. SOCIAL RESPONSIBILITY

At OxyWings, we are committed to having a positive social impact. We work to improve working conditions for our employees and support local communities through social responsibility initiatives.

5. INNOVATION AND SUSTAINABILITY

We are constantly seeking innovations to improve the efficiency of our operations while respecting the principles of sustainability. We strive to reduce carbon and sulphur emissions, vessel consumption, waste, minimise the use of non-renewable resources and promote a circular economy.

6. COLLABORATION AND PARTNERSHIP

We believe in the power of collaboration. By working closely with our partners, customers and stakeholders, we aim to create an ethical and supportive supply chain for organic and Fairtrade labelled products.

7. RESPECT FOR BIODIVERSITY

OxyWings is committed to respecting biodiversity and preserving marine ecosystems throughout our voyages. We take steps to minimise our impact on the natural environments we travel through.

8. TRAINING AND AWARENESS

We invest in the training and awareness of our staff to ensure that they understand and respect our ethical principles and actively contribute to our mission.

9. ENVIRONMENTAL RESPONSIBILITY

We take environmental responsibility by monitoring and continually improving our environmental performance. We comply with all applicable environmental regulations and standards.

10. LOCAL AND SOCIAL RESPONSIBILITY

We are committed to being a responsible member of the local communities in which we operate. We support local initiatives aimed at improving the quality of life of local people.

This OxyWings Ethical Charter guides our company on its journey to support organic farming and sustainable development. We are determined to uphold these principles and advance our commitment to a better world for all.
